

Dear Grown-Ups,

What a brilliant term we've had! I am so excited for what's to come next term and can't wait to dive into our new learning adventures! Here's a sneak peek of what's ahead:

Our next topic will be **'Sustainability, Climate, and Weather.'** In this Geography-focused theme, we'll locate the continents and oceans on a map, explore the difference between 'weather' and 'climate,' and learn about different climates around the world. We'll also discuss the impact of changing climates on people, animals, and plants.

In **Science**, we will explore the structure of plants, learn about the growth of seeds and bulbs, and observe plants in their natural habitats.

In **Design and Technology (DT)**, we'll explore fruits and vegetables and use tools to create delicious healthy wraps!

In **English**, we will use the book *'Leaf'* by Sandra Dieckmann to explore both fiction and non-fiction. We'll continue to develop our beautiful writing skills, incorporate new grammar techniques, and of course, keep improving our super spelling!

In **Maths**, we will focus on fractions and time. If your child has a watch, this will be the perfect term to start wearing it!

Homework:

- **Maths:** Children should complete their Doodle Maths homework and aim to stay in the green zone, collecting their weekly target stars. This is monitored at school, and those who don't complete it will be expected to do so on Fridays.
- **Reading:** Children should read with an adult at least 4 times a week. Please ensure this is recorded in their planner, as we check it on Mondays.
- **Spellings:** Children are expected to complete their weekly spellings. These are checked on Fridays.

PE: PE will continue on Mondays and Fridays. Please make sure your child comes to school in the correct PE kit: black shorts/leggings/joggers and a plain white T-shirt.

As the sun begins to shine more, please ensure your child comes to school with sunscreen and a hat if necessary.

Wishing you all a lovely Easter!

Best regards,
Miss Walker and the Year 2 Team

"You're off to great places! Today is your day! Your mountain is waiting, so get on your way!"

— Dr. Seuss
