

Bristol School of Judo

Judo in School

We are Professional Judo Coaches and have been running Judo Clubs in local schools for many years. They have been a great success. Children who have attended have attained various grades and coloured belts and participated in fun and friendly competitions.

Judo is a fun and safe sport suitable for people of all ages. Besides being an excellent way to keep fit, students will learn about discipline, cleanliness, etiquette and about good sportsmanship and respect for others.

We will be running a Judo club at your school again this term. For more information and to enrol, click on link below
