

Newsletter No.12

27th Mar 2020

Dear Parents/Carers,

At this time of school closure I will be sending weekly newsletters to keep you up to date. You can still email Lynn in the office via enquiries@themeadowsprimaryschool.org.uk as she has set up the school office at home. Teachers are also sending out letters to each child in their classes on Monday so look out for those.

My thanks go to our amazing staff, team, parents, children and community for their fantastic support in what has been an incredibly challenging week for us all. The Meadows Primary School is now only open for children of key workers who have requested provision and it is based at SBL Academy.

It has definitely been a strange time for us all and we are working on new ways to support you with learning at home and ways to aid regular communication with teachers. We will be in touch with more info soon.

We are starting by launching a suite of Doodle apps to help you with maths and English learning at home. These can all be accessed through apps on a phone or tablet. There are separate apps for each of the Doodle programmes, Maths, Tables, English and Spelling. Your child's Doodle log in will be in the letter sent home by their teacher on Monday. When they enter the site for the first time, they will be asked to complete an initial activity which will then be used to create a personalised work programme tailored to their level, strengths, and weaknesses. See separate letter from Mrs Holmes our Maths leader who has been setting this up for all classes.

You can find some short videos below explaining how the apps work: Doodle English and Doodle Spell
