

Remote Learning 2020/21

In September 2020, all our classes returned to full-time education following the Covid 19 closure in March. Although we hope that the majority of our children will now have an uninterrupted experience, there is the possibility that an individual child, a class, or indeed the whole school, will need to self-isolate for a period of time. We have therefore put in place a plan for remote learning so that all children can continue with their education.

This meets the expectations set out in the DfE guidance 'Remote Education Support'

<https://www.gov.uk/guidance/remote-education-during-coronavirus-covid-19>

The school will email you links to remote learning at a period of isolation, unless a whole class or year group closes – in which case we will revert to whole class provision via Seesaw and Tapestry. When your child completes learning whilst isolating, then this can be shared with the teacher via Tapestry or Seesaw.

If a child does not have access to a computer/laptop and/or the internet, the school will do all it can to support children and will provide paper packs of learning. Where funding can be accessed, remote devices (e.g., laptops) and/or 4G connections will be sought, particularly for disadvantaged children. Parents will be reminded to make the school aware of any barriers to accessing remote learning.

You will find here an overview of lessons to be completed each day.

It will provide learning across the curriculum and children will be expected to spend a similar amount of time completing this as they would spend learning in school.

The Overview.

The Oak National Academy.

The 'teaching content' will be provided to children through age appropriate video content on the DfE published list of educational resources site; Oak National Academy website. This provides the equivalent of 3 hours of lessons per day for primary school children. In their 'classroom' each lesson is an hour-long. They're delivered by a teacher, with a pre-recorded video as well as quizzes, worksheets and creative activities. It's all easy to use, there's no login or password, and you can access the lessons on any device- pupils only need materials they can find at home.

Providing feedback

Pupils can send any completed work to teachers via their Tapestry or Seesaw account. Alternatively, work that children complete on paper should be kept safe and returned to school when safe to do so.

Contact with pupils/ parents

Parents are able to contact the school via telephone or the school admin email address (enquiries@themeadowsprimaryschool.org.uk) Where a pupil is self-isolating for a significant period of time, contact by the teacher will be made via telephone to monitor learning and provide support if needed.

Pupils identified as vulnerable will be contacted by Mrs Mounter or Mrs Campbell on a weekly basis and support offered as necessary.
