

Dear Parents and Guardians,

I can't believe that is the end of another term, and what a great term it has been!

Our next topic will be 'Where and who am I?' In this **Science**-driven theme, we will identify different sources of food and collect data on its nutritional value. We will test the effects of physical activity on the human body and identify ways to stay clean and healthy.

In **History**, we will carry out a local study of Bitton. We will also learn about Queen Elizabeth I and Queen Victoria, and what it was like to live in a castle. In **Art**, we will explore still life, printing and collaging, looking at some of the work from Giuseppe Arcimboldo.

In our **English** learning, we will be using the story 'Woolf' to explore fiction and non-fiction. We will continue to expand our writing skills whilst writing a report on our very own creature and following it on its adventures!

In **Maths**, we will continue our focus on multiplication and division. We will also follow a unit on 'length and height' and 'mass capacity and temperature'.

Homework

Maths: Children are required to complete their Doodle Maths homework (staying in the green zone, achieved by collecting their weekly target stars). This is monitored in school and those not completing it will be expected to do so on a Friday.

Reading: Children are required to read with an adult 4 times a week at home and this should be recorded in their planner. This is checked on Mondays.

Spellings: Children are required to complete their weekly spellings. This is checked on Mondays.

PE will continue on a Monday and a Thursday, and we will continue to visit Forest school on a Friday afternoon. Please ensure your children have wellies, waterproofs and a warm under-layer for this, as well as a spare pair of socks in case of wet feet.

Please let me know if you have any queries or questions.

Miss Walker and the Year 2 team 😊
